The documents ("Contract/Subcontract Documents") that form the contract (hereinafter the "Contract") between Buyer and Seller are the Buyer's purchase order (the "PO") issued to Seller; all documents referenced in the PO (including without limitation drawings, specifications, instructions, quality assurance requirements and any other referenced documents); all drawings, specifications, and other documents referenced in the Buyer's request for quotation/proposal issued to Seller for the Contract (unless and to the extent such documents are excluded from the Contract by express provisions in, and not by mere omission from, the PO); supplements to the PO issued to Seller by Buyer;; Buyer's Terms and Conditions documents;; and all documents referenced in any Contract. What is required in any one Contract Document shall be deemed required by all Contract Documents and the Contract. Where there is any conflict or inconsistency between the provisions in one or more of the Contract Documents, the ORDER OF PRECEDENCE: set forth in clause 30 below shall control and shall govern the Seller's performance obligations, unless otherwise agreed in a writing signed by Buyer's Authorized Procurement Representative (the issuer of the purchase order or manager within Buyer's Procurement organization) who issued the PO as part of the Contract. Contracts issued under a US Government Defense Contract or Subcontract are subject to the FAR/DFAR clauses set forth in the Buyers Purchase Order, all applicable Purchase Order provisions are set forth on W International website at www.winternational.net. The acceptance by Seller that forms the Contract shall be deemed conclusively to have occurred upon Seller's acknowledgement and acceptance of the PO, Seller's shipment of any goods, Seller's performance of any services, or Seller's commencement of any work on supplies or Goods covered by the Contract. For government Defense Priorities and Allocations System (DPAS) rated purchase orders, Seller shall accept or reject in writing DX-rated purchase orders within ten (10) working days and DO-rated purchase orders within fifteen (15) working days. By acceptance of the PO, Seller agrees to comply with all terms and conditions and specifications in the Contract Documents, including those contained in all documents incorporated into the PO or any other Contract Document by reference. Any acceptance by Seller on purported terms and conditions that differ in any way from the provisions of the Contract shall be effective to form and bind Seller to the Contract, but such terms and conditions shall not become part of, or in any way alter, amend or otherwise modify any of the provisions of, the Contract. Any shipment of goods, performance of services, or commencement of work on supplies by Seller shall be deemed to be only upon the terms and conditions contained in the Contract, except to the extent that Buyer may otherwise expressly consent in a writing signed by Buyer's Authorized Procurement Representative. Seller agrees that Buyer's acceptance or payment for any shipment of Goods or similar act of Buyer shall not be claimed or construed to constitute such consent.

3. DELIVERY:

- (a) Unless otherwise agreed to in the Contract, all shipments from Seller shall be F.O.B. Buyer's facility.
- (b) Purchase order delivery schedules must be strictly adhered to. Early/late and/or over/under shipments to scheduled deliveries are not permitted. Buyer does not recognize any "Industry Shipping Tolerances." Seller shall strictly adhere to the shipment or delivery schedules specified in the Contract and delivery shall be made by Seller at such times and places and of such items and quantities as Buyer may from time to time specify.
- (c) In the event of any anticipated or actual delay, Seller shall promptly notify the Buyer in writing of reason for and provide a recovery schedule.

6. PRICES:

Unless otherwise specified, prices are shown on the face of the PO in US dollars and are net of taxes.

7. PAYMENT:

Seller shall be paid upon submission of properly prepared invoices in accordance with Buyer's invoicing instructions for services, materials and/or supplies delivered to and accepted by Buyer. Seller must invoice each line item exactly as shown on Purchase Order/Release to ensure prompt payment. Invoice must show: Seller's name, Purchase Order Number/Release, Line Item Number, Part Number, Quantity Shipped and Price. Each invoice shall include Buyer's Purchase Order number. Any adjustments in Seller's invoice due to shortages, rejection or other failure to comply with the provisions of the Contract, or under any other order or contract between Buyer and Seller, may be made by Buyer before payment. Unless otherwise stipulated on the Purchase Order, payment terms are Net 30 days.

8. WARRANTY:

Seller warrants that Goods ordered to specifications will conform thereto and to any drawings, samples, or other description furnished or adopted by Buyer, and will be fit and sufficient for the purpose intended; and that all Goods are merchantable, of good material and workmanship, and free from defect. Such warranties, together with Seller's service warranties and guarantees, if any, shall survive inspection, test, acceptance of, and payment for the Goods and shall run to Buyer, its successors, assigns, customers at any tier, and ultimate user and joint users. Notices of any defects or nonconformity shall be given by the Buyer to the Seller within fifteen (15) months after acceptance by ultimate user. Buyer's rights and remedies concerning latent defects shall exist indefinitely and shall not be affected in any way by any terms and conditions of this Contract. Buyer may, at its option, and in addition to other remedies available at law, either (i) return for credit, (ii) require prompt correction or replacement of the defective or nonconforming goods, or (iii) have the defective items corrected or replaced at Seller's expense and deduct the cost from any monies due Seller. The return to Seller of any defective or nonconforming Goods and delivery to Buyer of any corrected or replaced Goods shall be at Seller's expense. Additional special or unique warranties are not reimbursable under this contract.

9. BUYER'S FURNISHED PROPERTY:

Buyer may from time to time furnish property to Seller for performance of this Contract. Such property shall be and remain the property of Buyer, and Seller shall indemnify and save harmless Buyer from all liens and claims upon said property arising from any cause. Property other than material shall not be modified without Buyer's written consent. Such property shall be plainly marked or otherwise adequately identified by Seller as property of Buyer (by name) and shall be safely stored separately and apart from Seller's property. Seller shall not use such property except for performance of work under the Contract or as authorized in writing by Buyer's Authorized Procurement Representative. Such property while in Seller's possession or control shall be kept in good condition, shall be held at Seller's risk. To the extent such property is not material consumed in the performance of this Contract, it shall be subject to inspection and removal by Buyer.

(b) If such change increases or decreases the cost or time required to perform this Contract, the parties shall negotiate an equitable adjustment in the price or schedule, or both, to reflect the increase or decrease. Buyer shall modify this Contract in writing accordingly. Unless directed otherwise in writing, Seller must assert any claim for adjustment to Buyer's Authorized Procurement Representative in writing within twenty (20) days of receiving directions from the Buyer and deliver a fully supported proposal to Buyer's Authorized Procurement Representative within sixty (60) days after Seller's receipt of such direction. Buyer may, at its sole discretion, consider any

claim regardless of when asserted. If Seller's proposal includes the cost of property made obsolete or excess by the change, Buyer shall have the right to prescribe the manner of disposition of such property. Failure of the parties to agree upon any adjustment shall not excuse Seller from performing in accordance with Buyer's direction. The amount of any price increase from a change shall be based on the actual reasonable and allowable cost to perform the change. The amount of any price decrease from a change shall be based on the reduction in the Seller's cost that reasonably should have occurred as a result of the change. Seller shall maintain complete and accurate accounting records properly documenting the foregoing cost and such records shall be produced for examination and copying by Buyer within ten (10) days of a request by Buyer. Failure to agree to any adjustment shall be a dispute under DISPUTES clause. However, nothing in this paragraph shall excuse the Seller from proceeding with the Contract as changed. Any action taken by Seller which affects any provision of this Contract, including delivery and price, whether or not accomplished with the concurrence of Buyer's employees, shall not entitle Seller to an equitable adjustment in accordance with this paragraph, unless such action has been specifically directed by Buyer's Authorized Procurement Representative's written notice.

(c) If Seller considers that Buyer's conduct constitutes a change, Seller shall notify Buyer's Authorized Procurement Representative immediately in writing as to the nature of such conduct and its effect upon Seller's performance. Pending direction from Buyer's Authorized Procurement Representative, Seller shall take no action to implement any such change.
